Response to Arguments

1. Applicant's arguments with respect to claims 1-15 is persuasive and, therefore, the finality of last action is withdrawn. However, this Office Action is again made Final because the new ground of rejection in this Office Action was necessitated by the previous amendment filed June 1, 2004.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 10-11 are rejected under 35 U.S.C. 102(b) as being anticipated by Yuen et al (US 5,488,409).

Regarding claim 10, Yuen et al discloses the a transmitting apparatus (Fig. 1) for transmitting data, wherein the transmitted data contains the ID of a particular recording medium (col. 21, lines 54-60 and the directory disclosed from col. 8, line 65 to col. 10, line 29); wherein said transmitted data including the ID is transmitted by broadcast (col. 21, lines 54-60). It is noted that broadcast can be defined as to make known over a wide area. The downloading of the information from the RAM 33 to any or all of the plurality of external devices disclosed in col. 21, lines 54-60 of Yuen et al anticipates the claimed broadcast because it makes known over a wide area.

Regarding claim 11, Yuen et al further discloses the claimed wherein the transmitted data containing the name of a file in said particular recording medium and/or

Art Unit: 2616

data identifying a recording area in said particular recording medium (the PROGRAM disclosed in col. 9, lines 48-67).

Allowable Subject Matter

4. Claims 1-9 and 12-15 are allowed.
5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
